

Highlights: Birding, Chimpanzees, Exploring, Game Viewing, Gorillas, Mountains, Photography

Location: Rwanda, Uganda

Tour starts in Kigali Rwanda and ends in Kampala or Entebbe Uganda

Day 1: Kigali, Rwanda

Visitors are met on arrival by our representative and transferred to one of Rwanda Kigali's hotel. A Genocide City tour can be arranged with the option of visiting the Genocide Memorial Sites. This is a fascinating visit to an important statement about Rwanda's past but not for the fainthearted. The intention is to show Rwanda's commitment to such atrocities never happening again but the evidence of what happened can be distressing. Alternative tours can be arranged should visitors prefer.

Dinner and overnight stay at Kigali Serena Hotel

Days 2: Volcanoes National Park Rwanda

We wake up early, at 5am for breakfast & then depart immediately for the road transfer (90 minutes) to Ruhengeri where we complete the formalities for our Gorilla trip at the National Park HQs.

This is one of the most exhilarating and moving wildlife experiences you can have: You get so close to these giant primates, observing them watch you – their almost human movements, innate dignity and social interaction make a unique connection with each of us. These mountain gorillas' excursions were made famous by Diane Fossey and immortalized in the film 'Gorillas in the Mist'. Dinner and overnight stay at Gorillas Nest Lodge

Day 3: Gisenyi – Lake Kivu

After breakfast and the exciting not to mention a tiring mountain gorilla tracking, drive further to Lake Kivu. This picturesque border town provides the ideal place for rest and recuperation. For sunbathing, swimming and water sports, the Rwanda Riviera town of Gisenyi is the place to be. Dinner and overnight stay at Lake Kivu Serena Lodge

Day 4: Lake Kivu - Queen Elizabeth National Park, Uganda

We arise early for breakfast and depart for the Cyanika border of Uganda. Picnic Lunch enroute as we continue further onto Queen Elizabeth National Park. Dinner and overnight stay at Ishasha Wilderness Camp

Days 5 & 6: Queen Elizabeth National Park

We drive on via Ishasha in search of the famous tree climbing lions then on to the Queen Elizabeth National Park. This beautiful park is dominated on its northern border by the snowcapped peaks of the Rwenzori Mountains- the famous "Mountains of the Moon." 20 years ago the park had the highest density of wildlife of any park in Africa but these populations were severely depleted during Idi Amin's regime. Thankfully today they are well on their way toward recovery. Uganda Kob occurs in the thousands as well as numerous Defassou Waterbuck, Bushbuck, African Buffalo, Topi, Warthog, African Elephant, Giant Forest Hogs as well as Lions and Leopard.

Our second day begins with an early morning trip on the freshwater Kasinga Channel which joins Lake Edward and Lake George and is home to the largest concentration of Nile Hippos in the world. The birding here is excellent, ranging in size from the tiny, brilliant Malachite Kingfisher to the giant Goliath Heron. Dinner and overnight stay at Mweya Safari Lodge

Day 7: Queen Elizabeth National Park - Kibale Forest

We spend the morning game driving in Queen Elizabeth National Park. After lunch, we set off for Kibale Forest traveling north through Ugandan villages and small traditional farms of millet, sorghum, beans and maize. The lush rolling hills of this region provide good photo opportunities as we look out for Black-headed Gonolek, Fan-tailed Widowbird, Double-toothed Barbet, Long-crested Eagle, and the numerous sunbirds and weavers that perch near the road. As we approach Fort Portal in the foothills of the Rwenzori Mountains, we enter Uganda's famous tea plantation region. We arrive at Fort Portal then continue to the Kibale Forest arriving late afternoon. Dinner and overnight at Ndali Lodge

Days 8 & 9: Kibale Forest

Kibale Forest has well marked trails making the forest easily accessible. We spend these 2 days hiking in the rainforest in search of primates. Commonly seen species include Red-tailed Monkey, Grey-cheeked Mangabey, Red Colobus, Black & White Colobus Monkeys and the impressive yet elusive Chimpanzees. Chimps are abundant here, and there is a high likelihood of observing them as they make their nomadic treks along forest trails and forage for fruit in the canopy above. Black-and-white-casqued Hornbill, Great Blue Turaco, Grey Parrot and Narina's Trogon are just a few of the many colorful central African birds we hope to find here. We explore a nearby-forested swamp that is excellent for viewing birds, primates and magnificent butterflies. On the way back to the lodge night game drives may yield glimpses of Greater and Needle-clawed Galago, Palm Civet, Mongoose, African Civet or Serval Cats. Dinner and overnight at Ndali Lodge

Day 10: Kibale - Murchinson Falls National Park

We depart in the early morning for the famous Murchison Falls National Park via Hoima and Buitaba Escarpment. The Murchison Falls National Park is bisected by the vast and beautiful Nile River. This is Uganda's largest National park and is a scenic wonderland with rolling grasslands, river valleys, the meandering Victoria Nile and Lake Albert. Sir Winston Churchill described Murchison Falls National park as 'Kew Gardens and London Zoo' all rolled into one! Dinner and overnight Nile Safari Camp

Day 11: Nile River & Murchison Falls

We board our river boat for an excursion to the foot of Murchinson Falls. The ten-mile journey to the foot of one of Africa's most powerful and dramatic waterfalls the Murchison Falls is a memory you will cherish forever. At this point, the mighty Victoria Nile is squeezed through a mere 15- foot- wide gorge and released over a sheer cliff in a cataclysm of thunderous white water. En route are large herds of Hippopotamus plus enormous Nile Crocodiles, African buffalo, Water buck, Elephants and Rothschild's Giraffes. For birding enthusiasts: Goliath and purple Heron, Rock Pratincoles, Red-throated Bee-eaters and the possibility of seeing the rare Shoebill Stork.

Dinner and overnight at Nile Safari Camp

Day 12: Budongo Forest Reserve

A full day will be spent visiting the acclaimed Budongo Forest Reserve which lies at the edge of the Albertine Rift Valley and to the south of Murchison Falls. It is the largest tract of natural forest in East Africa and boasts Uganda's largest population of Chimpanzees and over 350 bird species. In addition to Chimpanzees, there are Colobus and red- tailed Monkeys, tree Pangolins, African giant squirrels and over 250 butterfly species. Overnight at Nile Safari Camp

Day 13: Depart Nile Safari Camp – Kampala / Entebbe International Airport

After breakfast; we depart by road for Kampala and Entebbe to catch your flight to an onward destination

Price includes:

- Return transport as per the itinerary
